Daily return during 2Q 2025

Past performance does not guarantee future results. The performance data quoted represents past performance and current returns may be lower or higher. The investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than the original cost. Performance data current to the most recent month-end is available at Profunds.com or by calling 1-888-776-3637.

For standardized returns year-to-date, and as of the most recent calendar quarter-end, and annualized month-end, see performance. Returns include the reinvestment of dividends and capital gains.

¹Contractual waiver effective until November 30, 2025. Without such a waiver of fees, the total returns would have been lower.

²All data, unless otherwise noted, is as of 06/30/2025, and for Investor Class Shares only. Holdings and other data are subject to change.

Index description

The S&P Emerging Markets 50 ADR® Index (Bloomberg symbol: BKTEM) is a free float-adjusted capitalization-weighted index. The Index is designed to track the performance of a basket of companies that have their primary equity listing on a stock exchange of an emerging market country and that also have Depositary Receipts that trade on a U.S. exchange or on The Nasdaq Stock Market. The Index currently consists of the following emerging market countries: Brazil, China, Colombia, India, Indonesia, Mexico, South Africa, South Korea, and Taiwan. It is not possible to invest directly in an index.
